ROADMAP

This contract is used for the purchase and delivery of two Polymeric Flocculants chemicals; Digested Sludge Dewatering and Gravity Thickening to Central District Wastewater Treatment Plant operated by Miami-Dade Water and Sewer Department on an annually spot market purchase.

The County will solicit spot market quotations from pre-qualified vendors on an annual basis. The award of the contract will be made to a single manufacturer's product on an item-by-item basis.

Dosage: 0.618

Manufacturing Plant Address: One Chemical Plant Road

City/State/Zip Code: Riceboro, GA 31323

ADDITIONAL POLYMERS MAY BE ADDED DURING THE CONTRACT

It is understood and agreed that the County reserves the right to allow performance trials of additional polymers by firms to meet performance criteria and be considered "qualified" as a gravity thickening or dewatering polymer. Upon approval, the respective polymers will be listed on prequalified product list and included in the subsequent quote.
